Re: Quarterly Water Production Report and Invoice for Administrative and Biological Assessments  
First Quarter, October 1 - December 31, 2018-19 Water Year

---

Attention: James M. Hansen, Jr.

The Mojave Basin Area Judgment was entered by the Court on January 10, 1996. The Judgment requires all parties to file quarterly reports of water production with the Watermaster and pay assessments based on the water production. Reported water production from October 1 through December 31, forms the basis for assessments. Administrative and Biological Assessments for the twenty-sixth year of the Judgment (2018-19 Water Year) will be assessed at \$3.55 and \$0.94, respectively, per acre-foot produced.

Enclosed is your Quarterly Water Production Report and Invoice for Administrative and Biological Assessments for the First Quarter of the 2018-19 Water Year. A separate Report/Invoice must be filed for each Subarea in which you have water production. Also enclosed is a duplicate copy of your Report/Invoice to retain for your records. Please complete and return the Report/Invoice along with your check for assessments by **January 31, 2019**.

If you wish to have future reports sent to a specific person, location or department, please notify the Watermaster in writing. If you have any questions or need help completing your Report/Invoice, please contact the Watermaster staff at the office of the Mojave Water Agency. Thank you for your time and attention to this matter.

Sincerely,

Valerie Wiegenstein  
Watermaster Services Manager
